

HBS A 325 G • 13" Capacity Fully Automatic Dual Column Bandsaw

HBS A 325 G Fully Automatic Dual Column Bandsaw \$37,290

This new saw features a strong dual-column design, automatic material feed, a parts counter, hydraulic clamping, digital display of miter angle, and a built in coolant system. In keeping with an exceptionally high standard of machine quality, this KAAST saw incorporates infinitely variable band speed and cutting force for optimum cutting results.

The automatic feed will help reduce scrap, labor costs, and errors, while the simple design and brand-name components will ensure easy service and reduced down-time.

The solid cast monoblock construction of the saw frame keeps vibrations to a minimum and results in straight, accurate cuts and long blade life. The blade guides and rollers are carbide to promote longevity. With hydro-mechanical blade tension and an automatic band breakage detection and shut-off feature, this saw is truly a great piece of equipment.

Standard Configuration:

- Hydraulic blade tension
- Coolant system
- Hydraulic vice
- Infinitely variable band speed 20-100 m/min (65-325'/min)
- Digital display of miter cutting angle
- Adjustable cutting pressure regulation
- Movable control panel
- Automatic blade breakage control
- Mechanical height adjustment of the saw head
- Hydraulic clamping of the mitre angle
