### Dual Column Bandsaw

#### HBS A 325 C Fully Automatic Dual Column Bandsaw

This new saw features a strong dual-column design, automatic material feed, a parts counter, and a built in coolant system. In keeping with an exceptionally high standard of machine quality, this KAAST saw incorporates infinitely variable band speed and cutting force for optimum cutting results. The automatic feed will help reduce scrap, labor costs, and errors, while the simple design and brand-name components will ensure easy service and reduced down-time. The solid cast monoblock construction of the saw frame keeps vibrations to a minimum and results in straight, accurate cuts and long blade life. The blade guides and rollers are carbide to promote longevity. With hydro-mechanical blade tension and an automatic band breakage detection and shut-off feature, this saw is truly a great piece of equipment.

#### Standard Configuration:

- Hydromechanical blade tension
- Coolant system
- Hydraulic vise
- Infinitely variable blade speed
- Adjustable pressure regulation
- Feed roller conveyor 1200 mm (47")

Specifications		
90° Cutting Capacity	Round	Ø325 mm (13")
	Flat	350x325 mm (13.5x13")
