

DMV 230 VS · 9x49" Knee Milling Machine

DMV 230 VS Knee Milling Machine 9x49" \$14,900

Drilling and milling machine for single and small series production featuring a chrome plated quill, high precision spindle hardened and ground with 3 sets of P4 bearings. With infinitely variable speed control, the DMV series offers quiet operation with V-belt drive, swivel range left / right $\pm 45^\circ$, and rotation of the upper arm around the column 360°.

Standard Configuration:

- 3-axis digital readout
- Drill chuck: 18 (Ø3-16 mm)
- Work light
- Coolant system
- Drawbar
- Automatic table feed X-axis
- Centralized lubrication
- Tool kit

Options included on this machine:

- Air drawbar \$695

Specifications

Table dimensions	230x1244 mm (9x49")
	X: 762 mm (30")
Axis travel	X: 682 mm automatic (27")
	Y: 305 mm (12")
	Z: 406 mm (16")
Spindle taper	R8
Spindle speed vertical	60-4500 rpm
Quill travel	127 mm (5")
Head swivel range	$\pm 45^\circ$
Distance spindle-table	34-440 mm (1.3-1.7")
Table load capacity	250 kg (550 lbs)
Motor	2.2 kW (3 Hp)
Dimensions	1618x1497x2105 mm (64x60x83")
Weight	950 kg (2090 lbs)

Total Value: \$15,595
